LINCOLN GARDENS PRIMARY SCHOOL – PHYSICAL EDUCATION & SPORTS FUNDING

The school continues to invest the funding to encourage and develop participation in a range of physical activities and sports so that children benefit from increased levels of well-being and adopt healthier lifestyles as a life-long choice. By continuing to do so, it is hoped that all children across the school will develop a love of sport and physical activity, no matter their entry-level. Inter-school competition also develops a sense of pride and personal achievement as individuals and team members. Additional benefits of continued investment ensure the children have an understanding of fair play, team working and a positive attitude towards one another in all sports-related endeavours. Lincoln Gardens Primary School made the decision to employ the services of a qualified teacher as Sports Leader three years ago. While this is not funded through sports premium monies, we continue to ensure this is a priority in delivering sustainable outcomes in all areas provided for, by continuing to maximise the effect of investment of sports premium funding.

children to attend most of the events; thereby enabling participation. Staff continue to benefit from training to develop confidence in supporting teaching and learning of specific skills in a range of sports and team games Chance2Shine' cricket coaching. Staff have benefitted from an improved understanding of the fielding and striking skills of cricket Following a whole school audit of strengths and challenges experienced by staff in delivering a broad and balanced PE curriculum, it has been established that training in dance is a further priority Cover for PE lead to attend training an network opportunities Paralympic day. Upper Key Stage 2 (120 children) celebrated the Paralympics by developing skills in boccia, archery and volleyball. Out of school activities and clubs either part funded through the PE initiative:- Cheerleading Basketball sessions Football skills	Year	2016/2017	
Details of Expenditure and impact North Lincolnshire Council Schools Sports Network. The school continues to invest in a range of continuing professional development opportunities for staff to broaden their skills in supporting and developing physical education across the school. This is seen as an important aspect in sustaining the effects of PE funding in subsequent years to ensure staff are equipped with the necessary skills to deliver a dynamic PE curriculum. The benefits of membership of the Schools Sports Network are many-fold in enabling children of the school to take part in a range of diverse sports and activities; encouraging inter school competition, whilst also offering staff opportunities to access CPD networking and school to school support. Although there has been no further cost to the school for SSN activities and competitions, a significant element has been transportation of children to attend most of the events; thereby enabling participation. Staff continue to benefit from training to develop confidence in supporting teaching and learning of specific skills in a range of sports and team games 'Chance2Shine' cricket coaching. Purchase of age appropriate equipment for indoor and outdoor use		
Primary steps in PE scheme of work		
Additional resources required for the remainder of this academic year		
Swimming top up sessions for children not having achieved 25 metres		
Total expenditure to March 2017		
Balance remaining – to be carried forward to 2017/2018		

SUMMARY FOR 2016/2017

Continued investment of PE and Sports funding has resulted in extending the skills base for all staff; ensuring there is a school wide increase in confidence in delivering a vibrant and dynamic PE curriculum. The range of sports activities, built on from previous years, has also developed confidence amongst children providing a range of opportunities to participate and compete with other local schools with increasing success. As a result the school has achieved the Schools' Sports Mark Gold Award.
