

## English

We will be:

- Looking at the texts 'Trapped by the Ice' by Michael McCurdy and 'The Last Polar Bears' by Harry Horse.
- Develop our understanding of sentences and different aspects of grammar.
- Learning to spell year 3 keywords and improving our vocabulary.
- Writing a newspaper report, setting description and poem using our senses.

## Maths

We will be:

- Reading and writing numbers to 1000 in numbers and words.
- Finding 10 or 100 more/ less than a given number.
- Comparing and ordering numbers.
- Adding and subtracting numbers mentally and using written methods.

## History, Geography & MFL:

This term we will be focussing on geography. We will start by locating where the 7 continents are and some countries. We'll also look at where the polar regions are.

In French, we will look at greetings, animals and classroom instructions.

# Year 3

# Pole to Pole

## Science

We will be studying Forces and Magnets including:

- Pushes and Pulls
- Friction
- Magnetic forces
- Magnetic poles

## PSHE & RE

In PSHE, our theme is 'Being Me'. We'll discuss how we're feeling about this year and what we want our year to look like.

In RE, we'll look at Hinduism and Islam.

## Computing

In computing we will learn to log on and how to use Word effectively. This will help us to practice typing and using a computer.

## PE

In PE, we will be studying ball skills including throwing, catching and dribbling.

We'll also study gymnastics including making shapes, balancing and rolling.

## Art, Music & DT

In art, we will start with our painting unit, we will look at creating tertiary colours and experiment using watercolours. In DT, we will be looking at levers and linkages.
