

Geography—Autumn Term

Subject Specific Vocabulary		Associated Diagram	Sticky Knowledge
Latitude	The distance of a place from the equator	<p>Records the Oceans on the map:</p> <ol style="list-style-type: none"> 1. Pacific Ocean 2. Atlantic Ocean 3. Southern Ocean 4. Artic Ocean 5. Indian Ocean  <p>Draw a line on the map to represent the prime meridian Draw a line on the map to represent the equator. Draw lines on the map to represent the tropics. Label the Northern and Southern Hemisphere on the map .</p>	<p>Give the lines of latitude and longitude to locate these countries</p> <p>United Kingdom(50 degrees North 0 degrees west)</p> <p>Australia (30 degrees south 150 degrees East) United States of America (40 degrees North 100 degrees West) and India (20 degrees N 80East)</p>
Longitude	The distance of a location west or east of the line passing through Greenwich meridian		<p>Name the three continents the prime meridian runs through — Europe , Africa and Antarctica.</p>
Continent	A large area of land that consists of many countries.		<p>How many time zones is the world divided into? - 24</p> <p>How many degrees longitude are represented by one time zone ? 15 degrees</p> <p>How many hours does each time zone represent— 1 hour</p>
prime meridian	The line of longitude, at zero degrees which passes through Greenwich in London ,All the other lines of longitude are calculated from the prime meridian		<p>What is the latitude of the Equator ? 0 degrees</p>
Time Zone	Areas of the world where the time is calculated as being a particular number of hours behind or ahead of Greenwich Mean Time)		<p>List the seven continents</p>
equator	An imaginary line around the middle of the Earth at an equal distance from the North Pole and the South Pole.		<p>What is the name of the line at 0 degrees longitude ? prime meridian</p>
Human features	Features that have been created by human activity .		<p>Which continent does both the equator and prime meridian run through? - Africa</p>
Physical features	Natural features of land eg rivers mountains		<p>List three climate zones : Arctic, temperate , desert , tropical ,Mediterranean</p>
Climate Zone	Areas of the Earth with distinct climates eg Arctic tropics and temperate climates
