

# Geography - Settlement

Subject Specific Vocabulary	
settlement	
city	
town	
village	
agriculture	
industrial	
retail	
Human geography	
Physical geography	

### Associated Diagram

The first diagram is an illustration of a historical settlement. It shows a cluster of small, simple wooden huts with thatched roofs, situated on a grassy bank next to a river. A wooden fence surrounds the huts, and a small boat is visible on the river. The background shows a forested hillside.

The second diagram is a modern street map of a residential area. It shows a grid of streets including Everest Rd, Ashby Community Centre, Jewellery Delights, Everest Playing Fields, Aldi, Holy Spirit Church, and St Paul's Rd. There are various icons for shops, a community center, a church, and a playing field.

### Sticky Knowledge

Look at the first diagram. Why do you think the settlers chose this site?

Name 1 city, town and village in the UK.

City-

Town-

Village-

How can land be used within settlements?

Why is Scunthorpe classed as an industrial town?

Name 2 items that a city may have that other type of settlements wouldn't.

Using the second diagram, how would you recognise land use on a map?

Name 3 examples of physical geography in our local area.

Name 3 examples of human geography in our local area.
